

Healthy & Smart Desk & Space Booking

RTSmartData believes in Smart and Healthy workspaces and our product suite addresses this using blue-chip technology and tailored software solutions. Our smart workspace system not only provides offices with an easy-to-use solution for office, meeting room and carpark space management, but it also provides an analytical tool for businesses to help optimise their shared resources and thereby reduce costs.

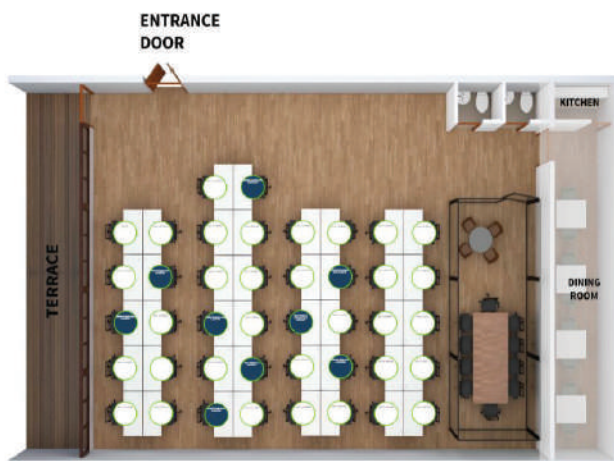

We can help you to adapt your office spaces into smart and healthy environments for all staff and visitors and we can offer a variety of integrated solutions using our software and sensor technology.

Desk Booking

RT Smart Data's Desk Booking System enables scheduled management of;

- Desks
- Meeting rooms
- Parking spaces
- Guest visits
- Shared office equipment
- Remote working schedules

● Booked ○ Available

● Booked ○ Available
